

CareerBuilder.ca and EMSI Release Fastest Growing Jobs for 2013

PR Newswire
CHICAGO

CHICAGO, Jan. 30, 2013 /PRNewswire/ -- Has your job search stalled? Do you not know where to send your resume? CareerBuilder and Economic Modeling Specialists (EMSI) have released the fastest growing jobs for 2013 based on occupations with the most jobs added since 2010. The study uses EMSI's rich labor market database, which draws from a full range of sources including Census and demographic data from Statistics Canada and employment data gathered by provincial governments.

"Hiring in Canada is expected to outpace last year as employers focus on growing their businesses and meeting greater market demand," said Brent Rasmussen, President of CareerBuilder North America. "While employers remain watchful over factors impacting the global economy, we see more job opportunities opening up in everything from healthcare and information technology to trucking and manufacturing."

Below are the 20 occupations that have added the most jobs over the last two years and are expected to continue in 2013. For more detailed information about each position, visit our [blog post](#).
